SHARE THE WORD

CMJ UK

PROGRAMME

CMJ UK is a working title of The Vincent Society, a charitable incorporated organisation, England & Wales
Registered Charity Number 1153457.

WELCOME!

Welcome to the CMJ Conference 2021. I am thrilled our prayers have been answered for us all to be here. I hope that you settle in swiftly and begin to enjoy this significant gathering.

No doubt, we can appreciate the uniqueness and, perhaps for some, the uncertainty of us all meeting together but praise be to God, we are here to SHARE THE WORD as our Conference theme this year. J.John is leading our consideration of this theme. I am excited and looking forward to hearing his key teaching; I hope that you are too.
We welcome for the first time Youth for Christ who will 'SHARE THE WORD' in worship and teaching in RADIX, our new Youth Conference. There is also the outstanding children's programme who will 'SHARE THE WORD' with the youngsters alongside the main Conference. Additionally, we have a rich mixture of workshops, mission reports and times to reflect, pray and socialise together.

Throughout the Conference, my hope is that we all hear from the Lord, may we learn from/more about and grow in Him and be excited to 'SHARE THE WORD'.

Finally, in order to enjoy and make the most of this fulfilled, informative and enriching experience, please remember to keep to the planned timings for all events.

Let's make the most of our time at the Conference and I look forward to seeing you next year too.

Shalom
Alex

Rev Alex Jacob (CEO- CMJ UK)

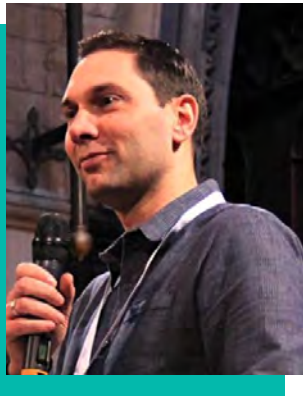
SATURDAY WORKSHOPS



Thomas Fretwell -
Answering Replacement Theology

This workshop will examine the teachings of replacement theology and look at how they interpret scripture, whilst also showing the error in their belief that Israel is finished in the plan of God. Thomas has a passion for studying Theology and Apologetics and has earned both B.Th. and M.A. Degrees in Theology. He is currently undertaking Ph.D. research in a field related to Jewish-Christian studies. He is an associate tutor in Theology at King's Evangelical Divinity School and is also an associate speaker with Creation Ministries International. An engaging speaker, Thomas regularly speaks to people of all ages on a variety of biblical topics and apologetics issues. He hosts the Theology & Apologetics podcast and serves as an assistant pastor at Calvary Chapel Hastings. He is founder of the Ezra Foundation.

David Hoffbrand -
Reclaiming the Sabbath

David is an author, speaker, and singer-songwriter, who grew up in a Jewish family in north London. He has a passion to help the church reconnect with the Jewish framework for understanding the Bible. His book 'The Jewish Jesus – Reconnecting with the truth about Jesus, Israel, and the church' presents these areas in a way that is accessible to anyone, written in simple and engaging everyday language. He and his wife Denise live in Brighton, England, with their sons Isaac and Levi, and serve as oversight for CityCoast Church, part of INC (International Network of Churches). David has recently released a new free weekly resource called 52 Sabbaths. You can sign up at www.sabbath.love.

Joe Gisbey – Worshipping in the Wilderness: finding God in the difficult times

We all love the 'mountain top' moments with God, but we were never called to live on the mountain, we were called to bring life into the dry and barren places, we were called to thrive in the desert. Our faith was forged in the wilderness. The Patriarchs, Abraham, Issac and Jacob were a wilderness people, it's where God led them, gathered them and spoke with them. It's here that He prepared a people to become a light to the world. It's in the desert that God truly met with them and it's where we need to meet Him too. Joe Gisbey is the CEO of the mission organisation Links International. Links empowers people to confront poverty, to create potential and to connect with amazing people all around the world, through training and projects, so that together, we can see a world where we are all free from poverty! Joe also works as part of the Core Leadership Team of Arun Church and teaches extensively both within his home church and in churches around the world. Joe is passionate about seeing transformation and the Kingdom of God break out. Having been dramatically healed and set free in his teens, Joe is passionate about seeing people made whole. Joe lives in Littlehampton on the South Coast of England, with his wife Carolina and their four children.

David Pileggi - On the Eve of Destruction

In 1939 Poland was home to 3.3 million Jews. The tragic fate of this community under the Nazis has been well documented, but the nature of this Polish Jewish community before the war is not very well known. In our workshop we will examine this diverse and creative community on the eve of genocide. How did they respond to the pressures of nationalism, the rise of Marxism, Socialism, Zionism, anti-Semitism, and more? What were the ideologies that divided them,

and what were the new ways in which Jewish identity was finding fresh expression? One might be surprised to learn that in 1939 as many Jews danced the Charleston as they did the Hora. Finally we ask the question, 'Did they have any forewarning of the disaster that was soon to befall them? David is well known to CMJ as the Rector of Christ Church, Jerusalem. He also has an M.A. from the Hebrew University in Jewish Studies. Fascinated by Eastern European Jewish life that existed before the Second World War, David has led a number of trips to Poland, Austria and the Czech Republic, designed to teach Christians about Jewish life in the modern era.

Roy Thurley -
The KESHER Course – introducing Christians to their Jewish roots

CMJ have used the KESHER course frequently for many years, introducing many people to the Jewish roots of Christianity and the significance of Israel today. In this workshop we shall look at how the course came about, its content and its future. Roy was Director of Christian Friends of Israel (UK) from 2000-2007 and is now the Area Representative for North Wales. He served previously as a member of the Board of CFI Charitable Trust.

NOTES

J.John – SESSION 3

CHILDREN'S PROGRAMME

Olly Goldenberg has been ministering to children in and outside of the church for twenty years.

For fifteen of those years he led one of the largest children's ministries in Europe, with responsibility for children aged 0-14, with the ministry more than doubling in size. He saw a reversal of the trend of children leaving the church, with many of his group inviting their friends to be part of the church.

Currently he leads a ministry, together with his wife and five children, called 'Children Can'. Through modelling and training leaders, speaking in many Conferences and Churches, TV and Radio they have inspired thousands of leaders from different nations and denominations to know how to lead children from a head knowledge of God to a passionate relationship with him.

Children's programme is in Orchard.

Crèche and Children's programme open 15 minutes before the start of Friday evening, Saturday morning, Saturday afternoon and Sunday morning sessions. Crèche will also be available during Saturday evening and during Communion on Sunday afternoon. Older Children will join the Communion Service part way through with their leaders.

Crèche is being provided by Lucy Pegg in Derwent.
